Our Vision
To be a world-class military health system

Our Mission
Provide optimal and efficient health services to support current and future operations. Maintain health preparedness of ADF personnel to enhance ADF capability

Our Organisation
As part of the Vice Chief of the Defence Force (VCDF) Group, JHC has an integrated workforce of ADF members, civilians, contractors and professional health providers. We manage approximately 750,000 patient interactions each year and deliver health services to ADF members through health units in Australia and overseas.

Our Goals
- Deliver quality and safe health care effectively and efficiently
- Provide evidence based strategic advice and services as the ADF Health Capability Coordinator
- Develop and maintain strategic partnerships to enhance ADF capability
- Develop and maintain strong leadership and organisational governance to plan, manage and support the delivery of ADF health capability

Our Priorities
- Consolidate the ADF Health Services Contract
- Standardise the Clinical Services Model
- Operationalise the Clinical Services Model Framework including the Mental Health Service delivery model
- Review and develop health policy and advice to ensure it remains evidence-based and current
- Enhance retention and recruitment through the provision of health support to families
- Implement the Mental Health Strategy and Plan
- Support ADF mental health post-Afghanistan drawdown
- Implement the ADF Alcohol Management Strategy
- Build on previous mental health research
- Implement JeHDI
- Develop the health capability coordination system, further develop JP2060 Phase 3 and the future health operations concept
- Build a new research framework post CMVH
- Continue the work with DVA to ensure seamless transition of ADF personnel post service
- Develop enhanced Command Leadership and Management, governance arrangements, and standardised processes

Our Strategic Plan
The JHC Strategic Plan outlines how we will deliver our priorities. Branch objectives and deliverables are defined for the next financial year, and measured through monthly reporting to the JHC Executive.
